## Definitions

"Number of Students Who Began Program" means the number of students who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all students who cancelled during the cancellation period.

"Students Available for Graduation" is the number of students who began program minus the number of students who have died, been incarcerated, or been called to active military duty.

“Number of On-time Graduates” is the number of students who completed the program within 100% of the published program length within the reporting calendar year.

“On-time Completion Rate” is the number of on-time graduates divided by the number of students available for graduation.

“Graduates available for employment” means the number of graduates minus the number of graduates unavailable for employment.

“Graduates unavailable for employment” means graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

“Graduates employed in the field” means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

“Placement Rate Employed in the Field” is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

“Salary” is as reported by graduate or graduate’s employer.

“No Salary Information Reported” is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

## Student's Right to Cancel

### Canceling on or Before the First Day of Class

If tuition and fees are collected in advance of the start date of classes and you do not begin classes or withdraw on the first day of classes, Gnomon retains the non-refundable registration fee of \$75.00 and will process a refund for all other tuition and fees paid. Refunds will be paid within 45 days.

### Canceling During the First Seven (7) Days After Enrollment

1. You have the right to cancel the enrollment agreement and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later.
2. Cancellation shall occur when you give written notice of cancellation to Gnomon School of Visual Effects, Attn: Registrar, 1015 North Cahuenga Boulevard, Hollywood, CA 90038.
3. Written notice of cancellation, if sent by mail, is effective when deposited in the mail properly addressed with postage pre-paid.
4. The written notice of cancellation need not take any particular form and, however expressed, it is effective if it shows that you no longer wish to be bound by the Agreement.
5. You may request a form from the administration office. If the school has given you any equipment or supplies, you shall return it to the School, in unused condition, within 30 days following the date of your notice of cancellation. If you fail to return this equipment or supplies within the 30-day period, the School may deduct its documented cost for the equipment or supplies from any refund due to you. Once you pay for the equipment or supplies it is yours to keep without further obligation. If you cancel this Agreement, the School will refund any money that you paid, less the deduction for equipment or supplies not timely returned in unused condition and the non-refundable registration fee of \$75.00.
6. Refunds will be paid within 45 days after your notice of cancellation is received.
7. If you have received federal student financial aid funds, you are entitled to a refund of moneys not paid from federal student financial aid program funds.
8. Cancellation of this agreement can occur up to: \_\_\_\_\_ (date)

### Withdrawing After the First Seven (7) Days After Enrollment

1. You have the right to withdraw from the program of instruction at any time.
2. Gnomon will provide a pro rata refund of nonfederal student financial aid program moneys paid to students who have completed 60% or less of the period of attendance within the current term. The period of attendance is defined as a 10-week term of instruction. The program includes a defined number of 10-week terms. Students who withdraw from the program are not financially obligated beyond the current term.

3. If you withdraw from the course after midnight of the seventh day after enrollment, the School will calculate the amount you owe for the time you attended according to the following formula: The amount you owe shall be determined on a prorata basis if you have completed 60% or less of the period of attendance depending on how many days/hours remain at the time you withdrew from the course. After we compute the amount you owe for the time you attended, we will keep the non-refundable registration fee of \$75.00 and the documented cost of any equipment or supplies that you received which you do not return in unused condition within 45 days of your withdrawal, as well as the STRF fees.
4. For the purpose of determining a refund, a student shall be deemed to have withdrawn from a program of instruction when any of the following occurs:
  - a) The student notifies the Registrar in writing or via email of the date of intent to withdraw
  - b) The institution terminates the student's enrollment for failure to maintain satisfactory progress; failure to abide by the rules and regulations of the institution; and/or failure to meet financial obligations to the school
  - c) The student does not return from a leave of absence
  - d) The student fails to attend classes for 14 consecutive days.
5. For the purpose of determining the amount of the refund, the date of the student's withdrawal shall be deemed the last date of recorded attendance. The amount owed equals the daily charge for the program (total institutional charge, minus non-refundable fees, divided by the number of days in the program), multiplied by the number of days scheduled to attend, prior to withdrawal.
6. For programs beyond the current payment period, students who withdraw prior to the next payment period, all charges collected for the next period will be refunded. If any portion of the tuition was paid from the proceeds of a loan or third party, the refund shall be sent to the lender, third party or, if appropriate, to the state or federal agency that guaranteed or reinsured the loan. If the student has received federal student financial aid funds, the student is entitled to a refund of monies not paid from federal student financial aid program funds.
7. If the amount paid is more than the amount owed for the time attended, then a refund will be issued within 45 days. If the amount owed is more than the amount paid, arrangements must be made to pay the balance due.
