

INTERNATIONAL CERTIFICATION OF FINANCES INSTRUCTIONS FOR SUBMITTING PROOF OF FINANCIAL SUPPORT

The U.S. government requires that all international applicants provide proof of ability to pay tuition and living expenses for themselves and their dependents (if applicable), before a formal letter of admission and a form I-20, Certificate of Eligibility can be issued.

International students are required to submit the Certificate of Finances for Studies at Gnomon to the Admissions Department with their application. Even if your current mailing address is in the United States, as an international student, you must provide a valid address outside the United States.

Please submit a copy of your current passport together with this form.

Applicants who are relying on support from their sponsor must attach appropriate financial support documents. In order to receive notification of admissions in a timely manner, it is crucial for applicants to submit their financial support documents with their applications.

International students do not qualify for need-based financial aid, therefore, the certificate of finances, stating your ability to pay for the first academic year of tuition and expenses, must be verified by a bank with a current date. Please be aware that international students will not be able to pay for the full amount of their educational expenses by working while they are in the United States.

For current financial requirements, please visit gnomon.edu/admissions/international-students/financial-requirements
